

This listing of claim will replace all prior versions, and listings, of claims in the application:

LISTING OF CLAIMS:

1-20 (Cancelled)

21. (Previously Presented) A conservatory roof system comprising:

a generally horizontal and longitudinal eaves beam;

a sloped roof, the sloped roof having a plurality of sloped rafters attached to, and supported by, the eaves beam, and a plurality of sloped conservatory panels positioned between, and supported by, the rafters, the roof extending exteriorly of the eaves beam whereby an overhang is created, the overhang having an underside portion;

a mounting arm contiguously attached to, and supported by, the eaves beam, the mounting arm having an integral vertical external trim plate with an integral horizontal ledge extending perpendicularly and exteriorly therefrom;

a plurality of gutter hangers attached to the rafters exteriorly of the eaves beam, the gutter hangers having integral horizontal tabs;

a gutter positioned in and supported by the gutter hangers;

a generally horizontal vinyl soffit paralleling and running along the length of the eaves beam, the soffit resting upon and being supported by the horizontal ledge of the mounting arm and the horizontal tabs of the gutter hangers;

wherein a triangularly shaped hollow is formed under the overhang and wherein the soffit protects the underside portion of the overhang portion of the roof.
